Professional Goal Statement

Globally an estimated 35% of women worldwide have reportedly experienced physical and/or sexual violence. An estimated 702,000 children are reported as victims of abuse and neglect. I would like to further research the connections between these statistics to deepen my understanding of the status of women in relation to overall societal health.

Education

- 2010- Present - Undergraduate student, Michigan State University, East Lansing, MI
- Majored in Anthropology with a Women's and Gender Studies Minor

Research Interests

- The transitional affects of adolescents with a focus on the sexual experience of females.
